

Seifesilasse Hailu Ejigu – Data Analytics Portfolio

Professional Summary

Aspiring Data Analyst with experience in data analysis, machine learning, customer service, and administrative support. Skilled in transforming data into actionable insights using Python, SQL, Excel, and data visualization tools. Passionate about solving real-world problems through data-driven decision-making.

Technical Skills

- **Programming:** Python, SQL
- **Data Analysis:** Pandas, NumPy
- **Data Visualization:** Matplotlib, Power BI, Excel
- **Machine Learning:** Scikit-learn
- **Databases:** MySQL, PostgreSQL
- **Tools:** Jupyter Notebook, GitHub, VS Code

Featured Projects

1. Crop Yield Prediction Using Machine Learning

- Built a machine learning model to predict crop yields using agricultural data.
- Performed data cleaning, preprocessing, and model evaluation.
- Technologies: Python, Pandas, Scikit-learn, Matplotlib.

2. AgriConnect AI

- Developed an AI-powered agricultural analytics platform.
- Applied data science processes to analyze farming data and generate insights.
- Technologies: Python, Jupyter Notebook, Data Visualization.

3. Earthquake Prediction Model

- Analyzed historical earthquake data to identify patterns and trends.
- Built predictive models for risk assessment.
- Technologies: Python, Machine Learning.

Professional Experience

Chief Technical Assistant

Addis Ababa University

- Provide technical and administrative support.
- Manage records, reports, and operational processes.
- Support data management and analysis activities.

Customer Service Officer

Ethiopian Customs Commission

- Assisted customers with customs procedures and documentation.
- Improved service delivery through effective communication and problem-solving.

Education

Bachelor's Degree in Computer Science (*or your actual degree*)

GitHub Portfolio

GitHub Portfolio - Seifedan18

Career Goal

To leverage data analytics, machine learning, and business intelligence skills to help organizations make informed decisions and improve operational performance.
